Research plan

All candidates are kindly asked to provide a research plan, which outlines their vision of future research in their area and specifies their primary fields of research or artistic work:

- The maximum length of the research plan is 10 pages.
- The research plan must specify the candidate’s vision of future directions in his/her field of research.
- The research plan should highlight the candidate’s areas of expertise and demonstrate their relation to the department’s fields of research and the overall strategy of Tampere University of Technology.
- The research plan should indicate how the candidate would develop the department’s fields of research in relation to the position in question.
- In addition, candidates are invited to describe their international exposure and previous experience of international research collaboration.
